

PROSEP FILTER SYSTEMS LTD

Polypropylene Bag Vessel Assembly

- **Increase Productivity . . . with Less Down Time**
 - **Conserve Space . . . Smaller than Stainless Steel Vessels**
 - **Reduce Back & Muscle Strain . . . Light Weight**
- "All Polypropylene" Construction**

❖ *Keep your filter system on stream longer by reducing bag filter change time. The single large Acme thread closure ensures quick opening and positive sealing.*

❖ *Made of light weight corrosion resistant polypropylene to give you all the strength you need without bulk. Fixed-head mounting, compact enough to attach to any machine. Light enough to be portable.*

❖ *The PBH-series bag vessel's economical price allows you to install a preferred "duplex system" for totally uninterrupted flow rates.*

❖ *All PBH-series vessels come standard with gauge, wrench and 3/8" drain valve.*
